

A letter to our Preschool families for SEPTEMBER

Ideas for Busy Families

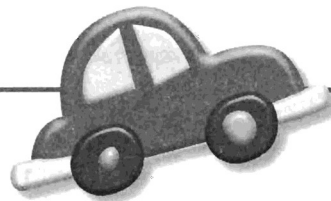

At Bath and Bed Time

In this unit, your child is learning all about himself or herself.

- Ask your child to identify his eyes, nose, and mouth. Talk about what each body part does to help your child develop vocabulary and self-knowledge.
- Invite your child to close his eyes and explore a stuffed animal or pillow. Ask: *How does this feel?* Then invite your child to open his eyes and describe the object.

On the Move

In this unit, your child is learning about life at school.

- Point out schools in your neighborhood or schools that your child might eventually go to. Talk about how children at different ages go to different schools to learn. This will help your child to attach a sense of purpose to going to school.
- When you pass by a school, take the opportunity to explain to your child what he or she might learn and do there.
